

## [Evolving molecular bioscience education](#)

**12 – 13 April 2018,  
University of Chester, UK**

Dear FEBS Members, Dear Colleagues,

As a programme coordinator of the Biochemical Society and FEBS Training Event '[Evolving molecular bioscience education](#)', my colleagues and I would like to invite you to submit an abstract for this event.

'[Evolving molecular bioscience education](#)' is aimed at anyone teaching or supporting teaching in Higher Education, from early career researchers to established professors. The aim of the course is to share best practice and novel ideas with bioscience HE educators, to equip students with the key skills needed to succeed in their careers and enhance their experience.

### **Topics include:**

- Evaluating teaching practice through pedagogical research
- Engaging students in undergraduate research projects
- Teaching and assessing large cohorts using interactive and engaging methods
- Teaching postgraduate and international students

[View the programme.](#)

### **Registration**

Registration is [now open](#). Earlybird deadline is **12 February 2018**. Abstract submission deadline is 23 February 2018.

### **Grants and Bursaries**

If you're a Biochemical Society or a FEBS Member, you will receive discounted registration fees. If you are not a member, you can find out more [here](#).

You can apply for a Biochemical Society [grant or bursary](#) to support your attendance at this event.

In addition, to attend this event from outside the UK, FEBS education committee has allocated 3 bursaries for young scientists with some teaching experience. The candidate should have no longer than 5 years following the PhD defense and a poster presentation on "education" is expected.

We do hope you can join us.

Yours sincerely,

Prof. Gül Güner Akdoğan (PhD)

Chair, FEBS Education Committee

School of Medicine, IEU, Izmir-Turkey
